Somewhere to Settle

What Did Early Settlers Need?

The background of the slide features a colorful, stylized illustration of a landscape. At the top, there are green mountains under a light blue sky. A winding river flows through the middle of the scene. In the foreground, a small boat with a red and white striped sail is on the left. To the right, there's a small settlement with wooden houses and a fence. The overall style is that of a children's book illustration.
